

YBP-186

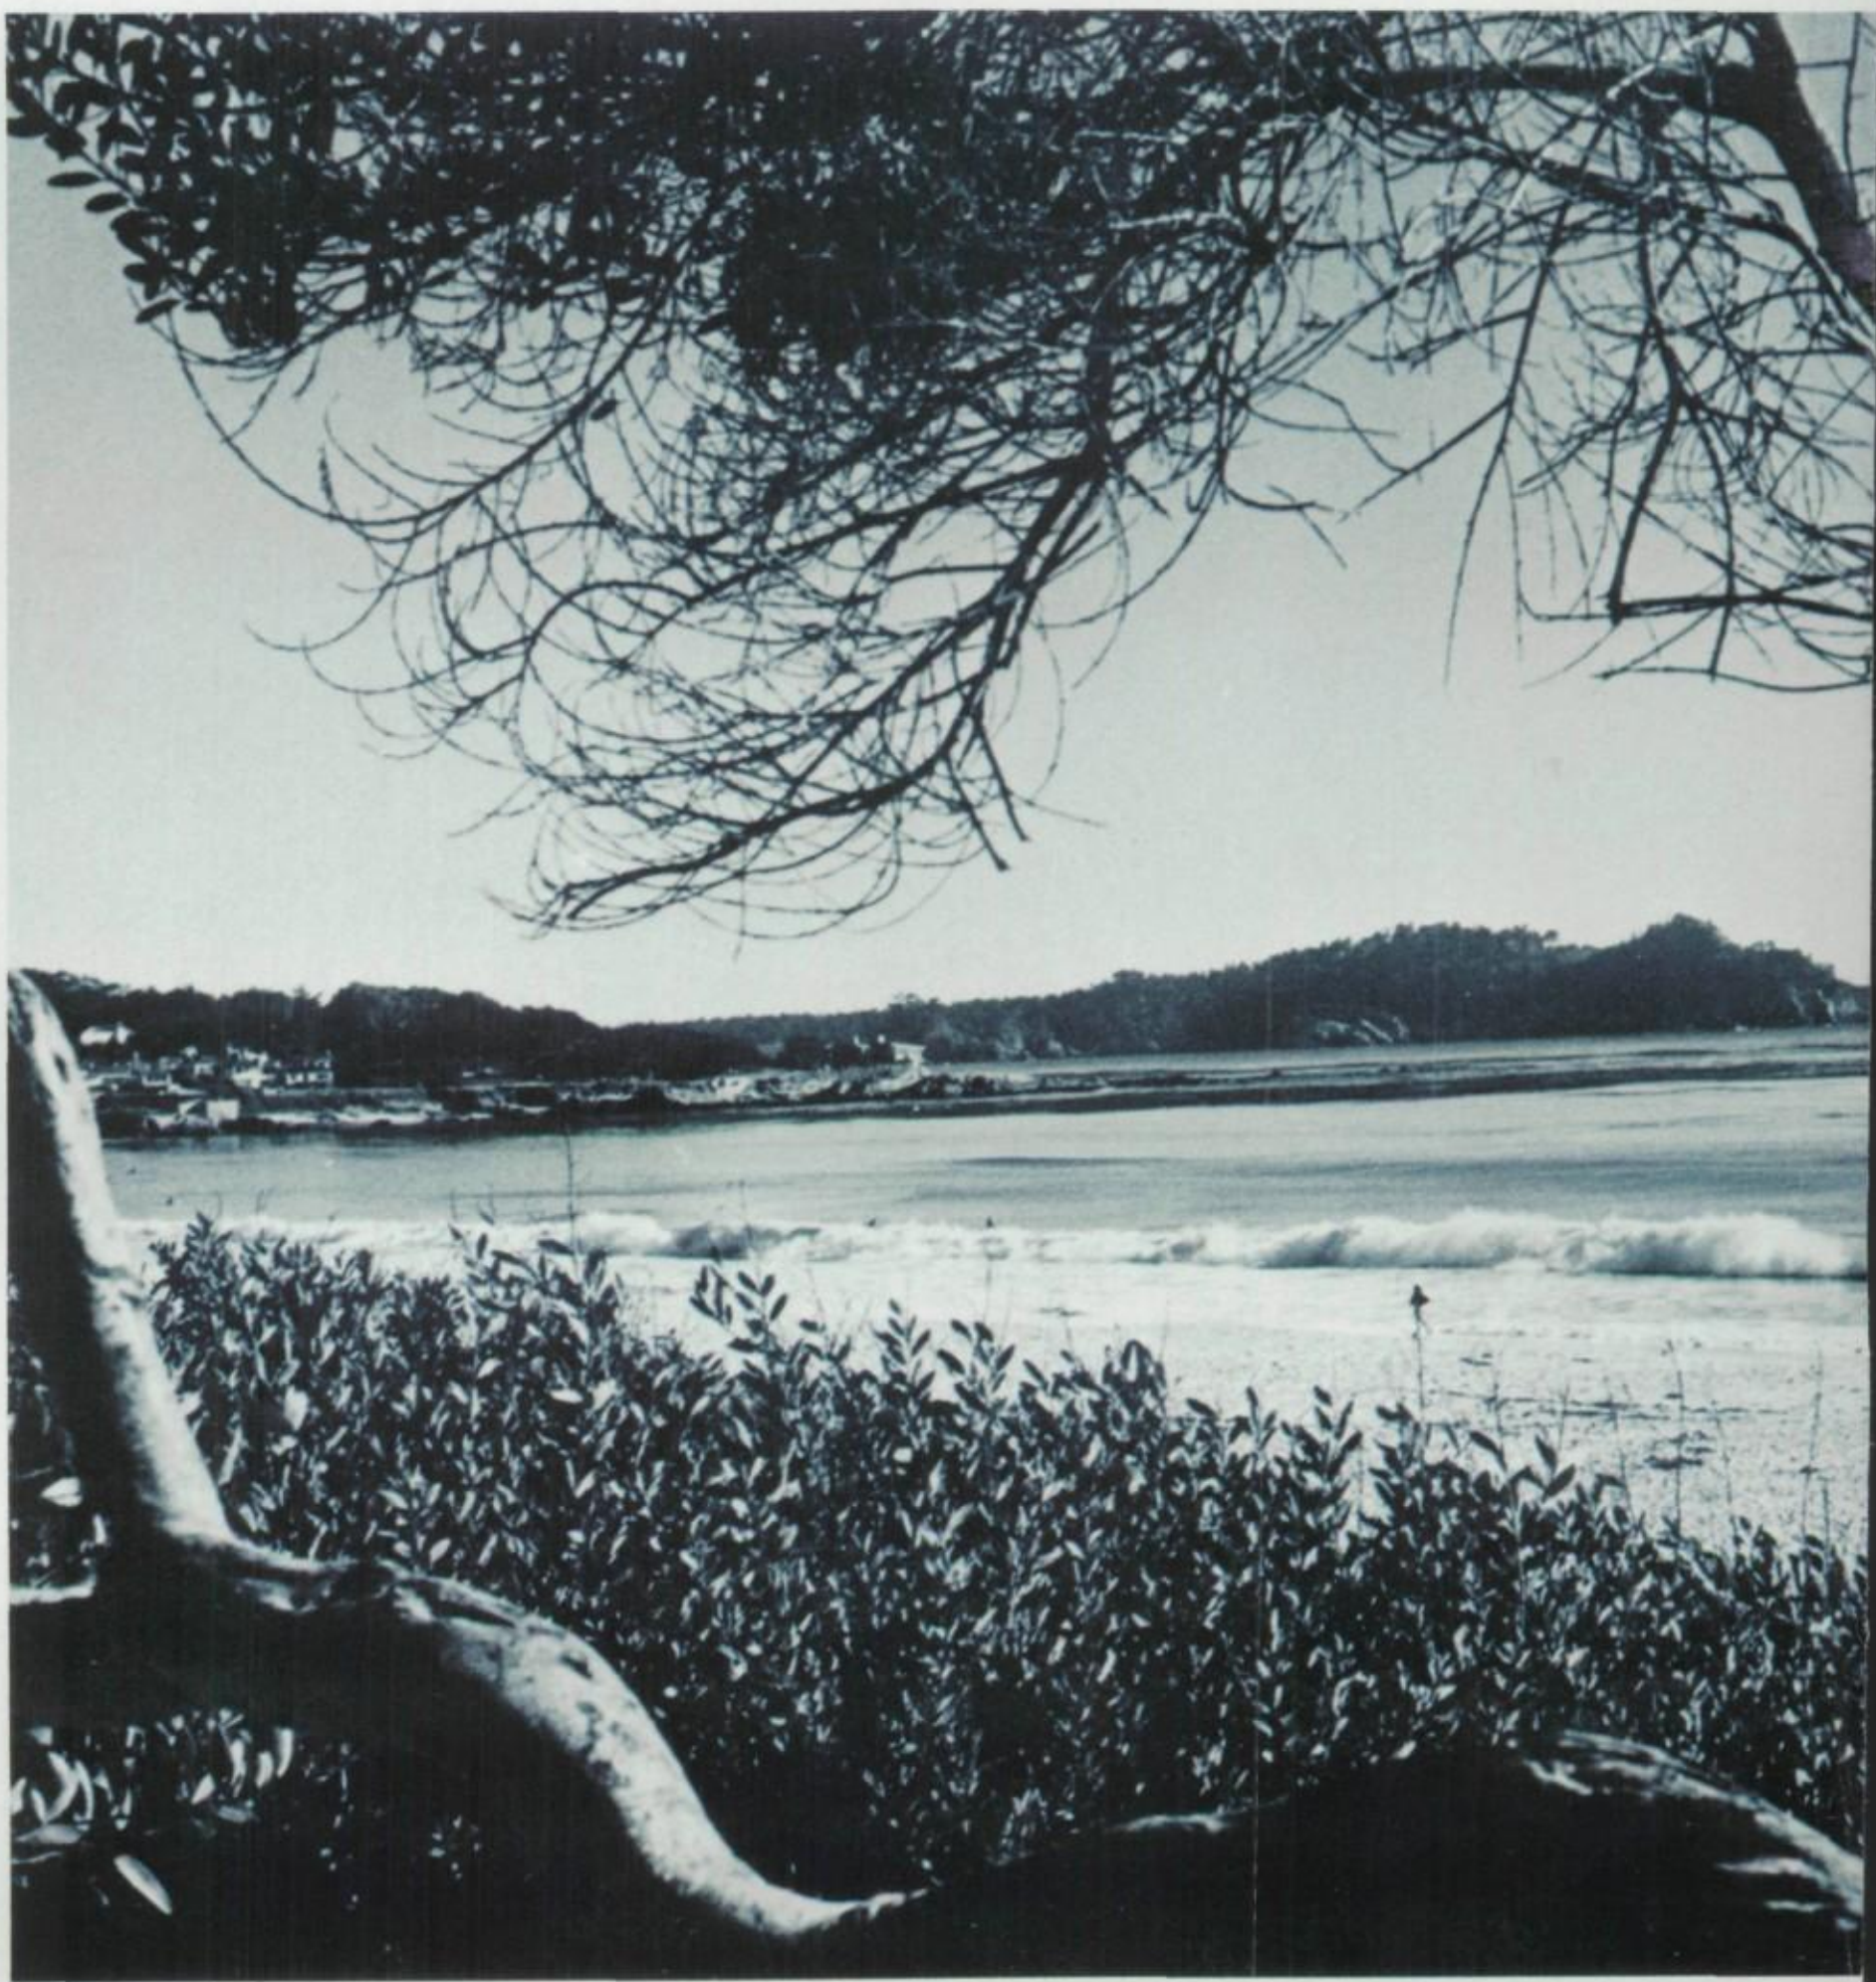

I will be the gladdest thing
Under the sun!
I will touch a hundred flowers
And not pick one.

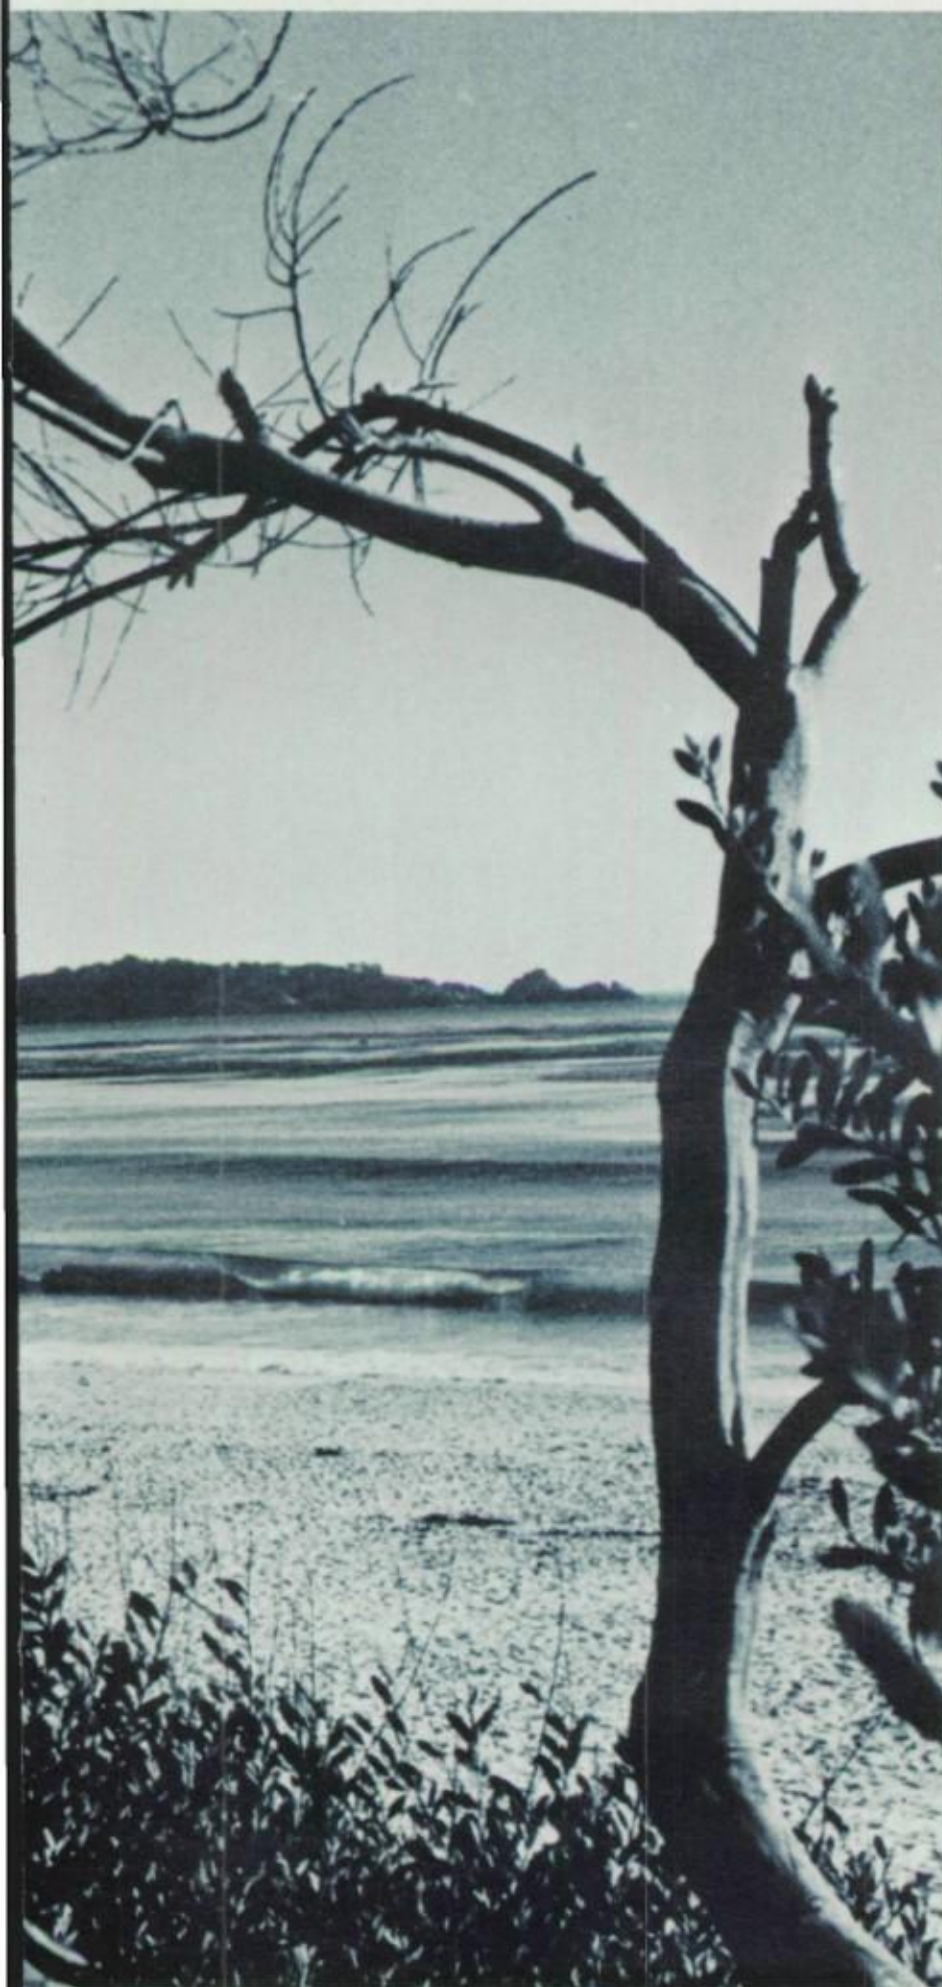

I will look at cliffs and clouds
with quiet eyes,
Watch the wind bow down the grass,
And the grass rise.

And when lights begin to show
Up from the town,
I will mark which must be mine,
And then start down!

She endeavors to offer John Glenn students every branch of human experience through her leadership. Formulating policies, assisting in many activities, sharing the burden of leadership, are all integral parts of learning about her. She has been able to bring forth both cultural and social aspects of working together into a broader view with both the school and community profiting. Dedicated, trustworthy, loving, and understanding—we have found her to be this and more. Our sincere thanks and appreciation go to her for the wonderful things she does for our progress, both now and in the future. She always leaves a warm feeling wherever she goes. Her efforts have been rewarded by the satisfaction that comes from successful achievements. We will always remember her because she helped, guided, and led us toward better roads of citizenship and scholarship. Through her varied interests, training, and experience, we are enriched personally. She has won her way into our hearts. So — to Thelma Rolph, we proudly dedicate the 1978 Patriot.

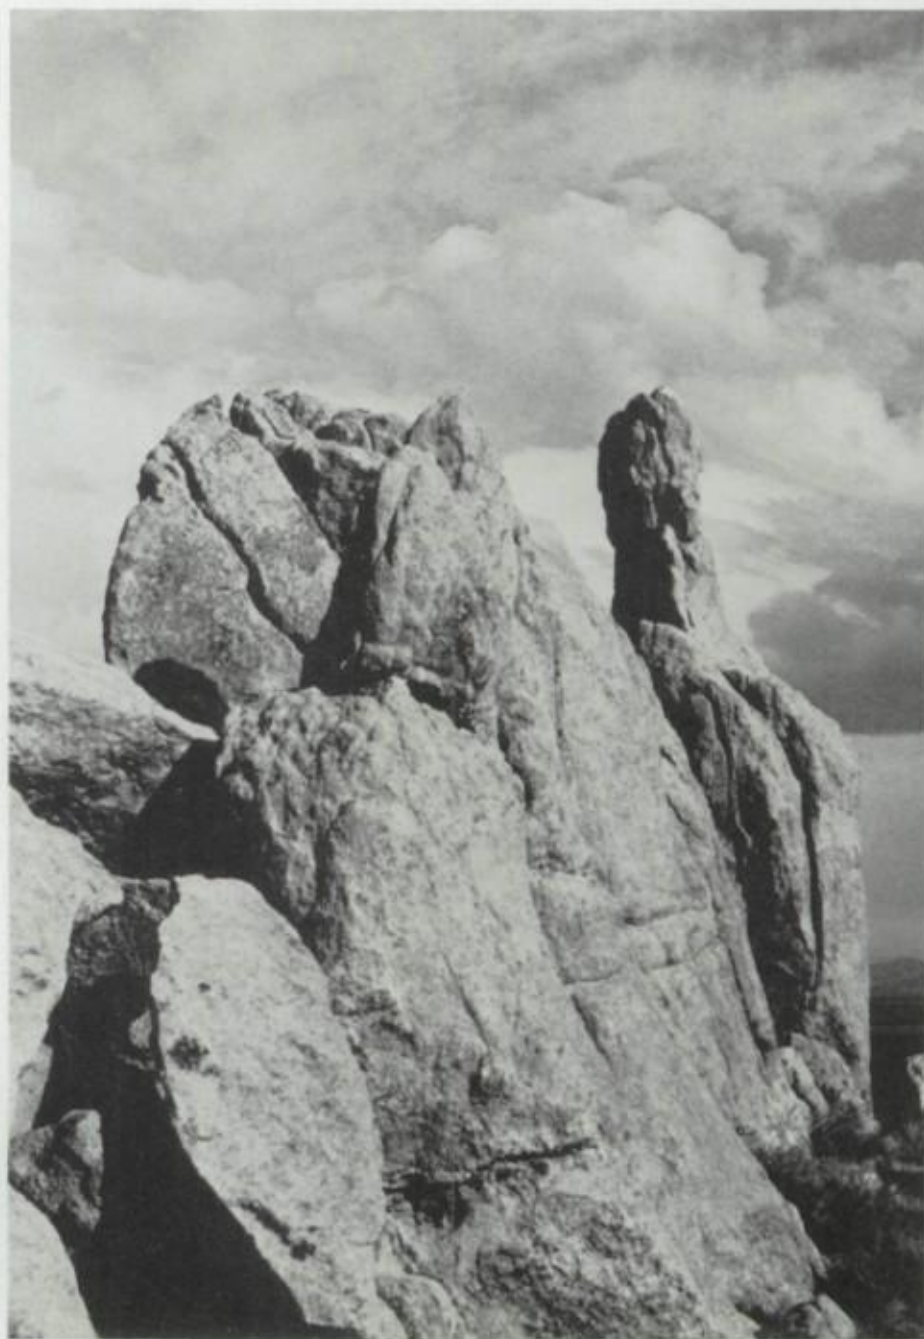

I will be the gladdest

HOWDY DANCE

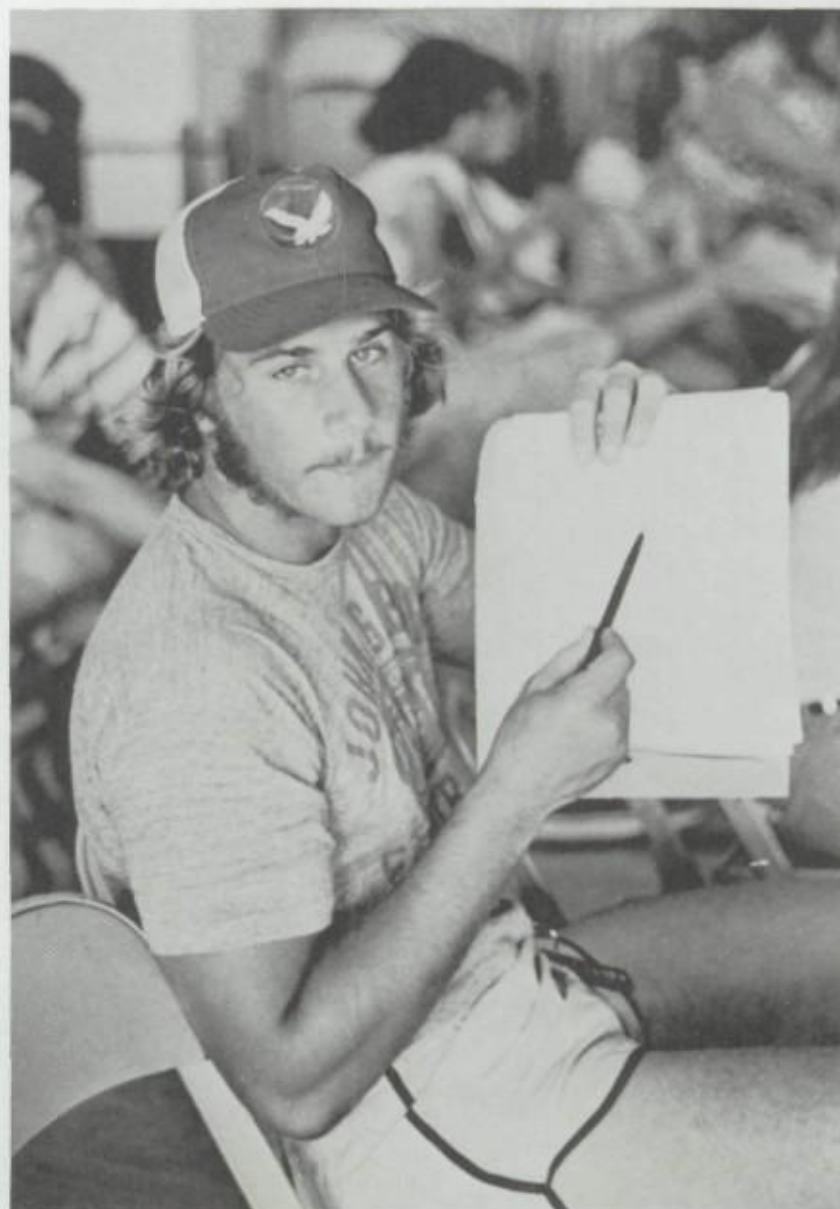

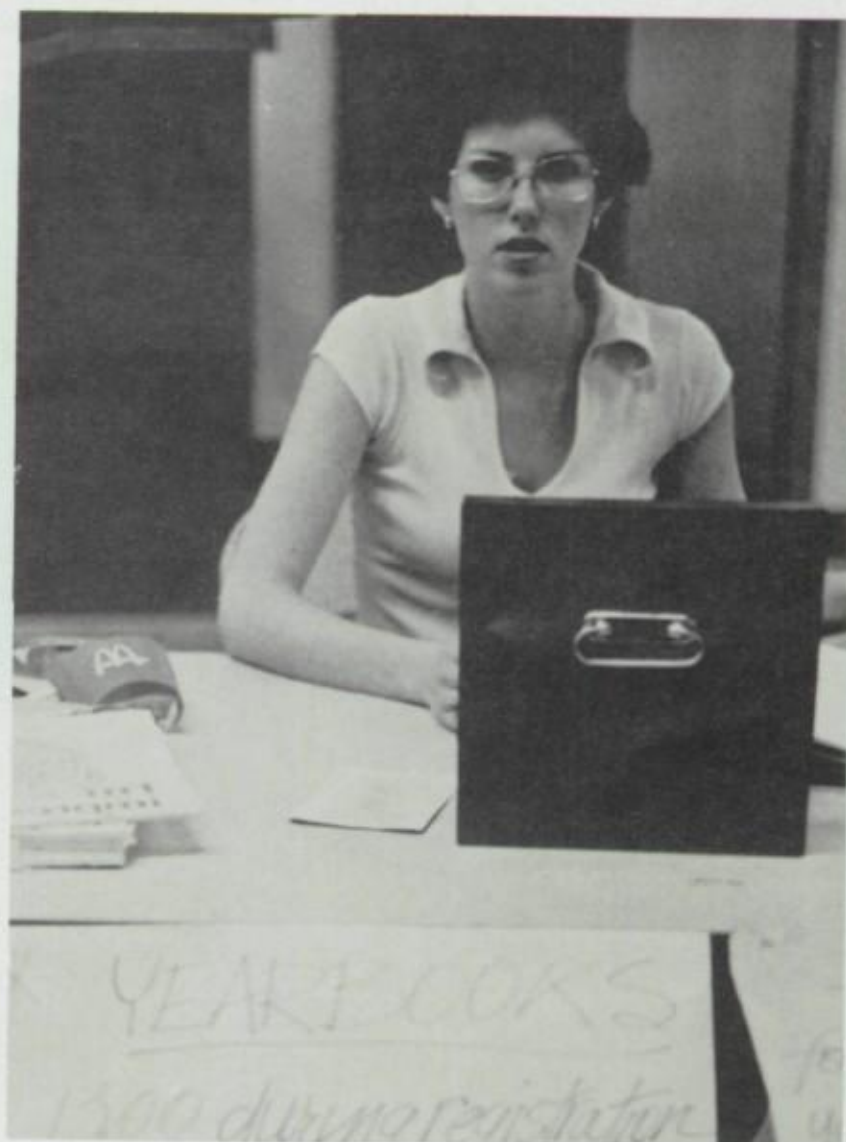

Women's lib finally hit the John Glenn campus on Sept. 30 in the form of a lady disc jockey at this year's first disco gathering, the Howdy Dance. Many people attended making it a tremendous success. Even alumni joined in the fun by using their ID's from two years ago. (Aren't they sneaky!) There were Abbott and Costello cartoons for all you wallflowers who felt you didn't have to dance to have fun. But even with it being a big success something went wrong, in this case no refreshments. In remembering the dance one thing may come to mind... Why does everyone line up to dance?

THE JOYS OF REGISTRATION

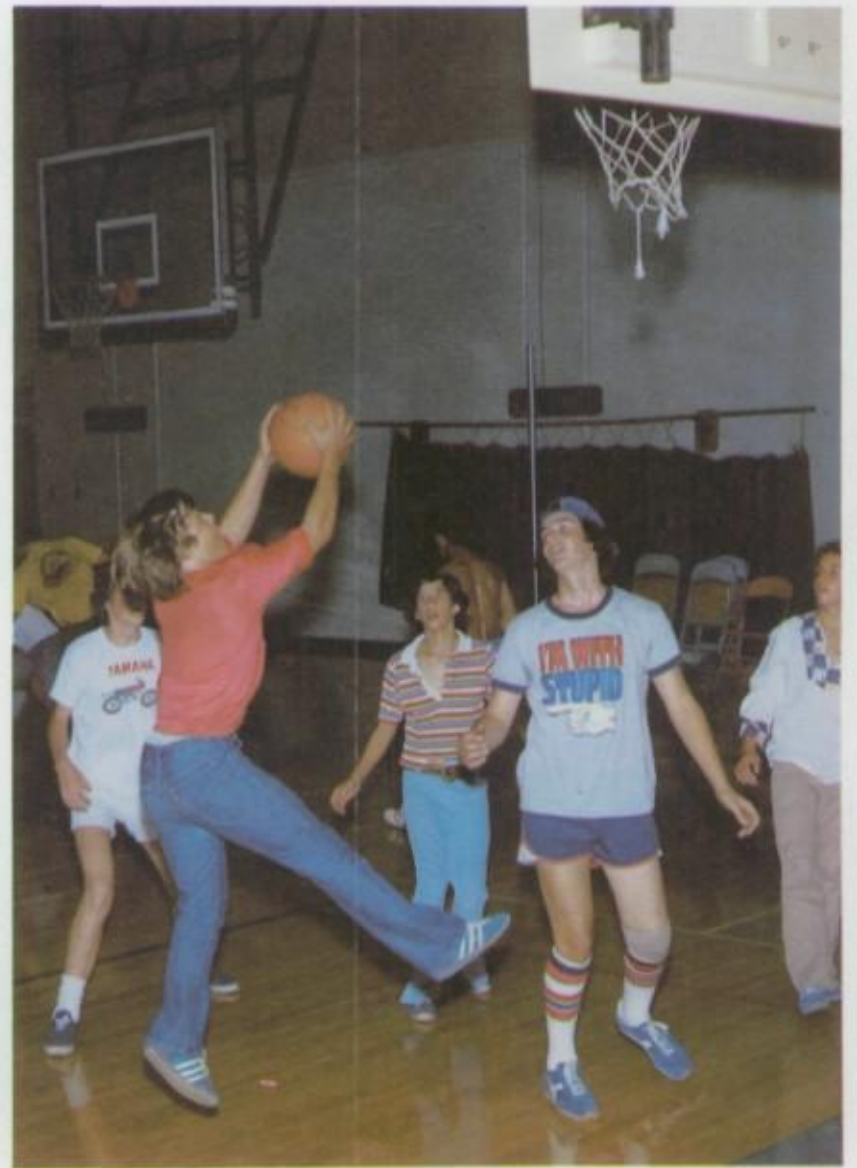

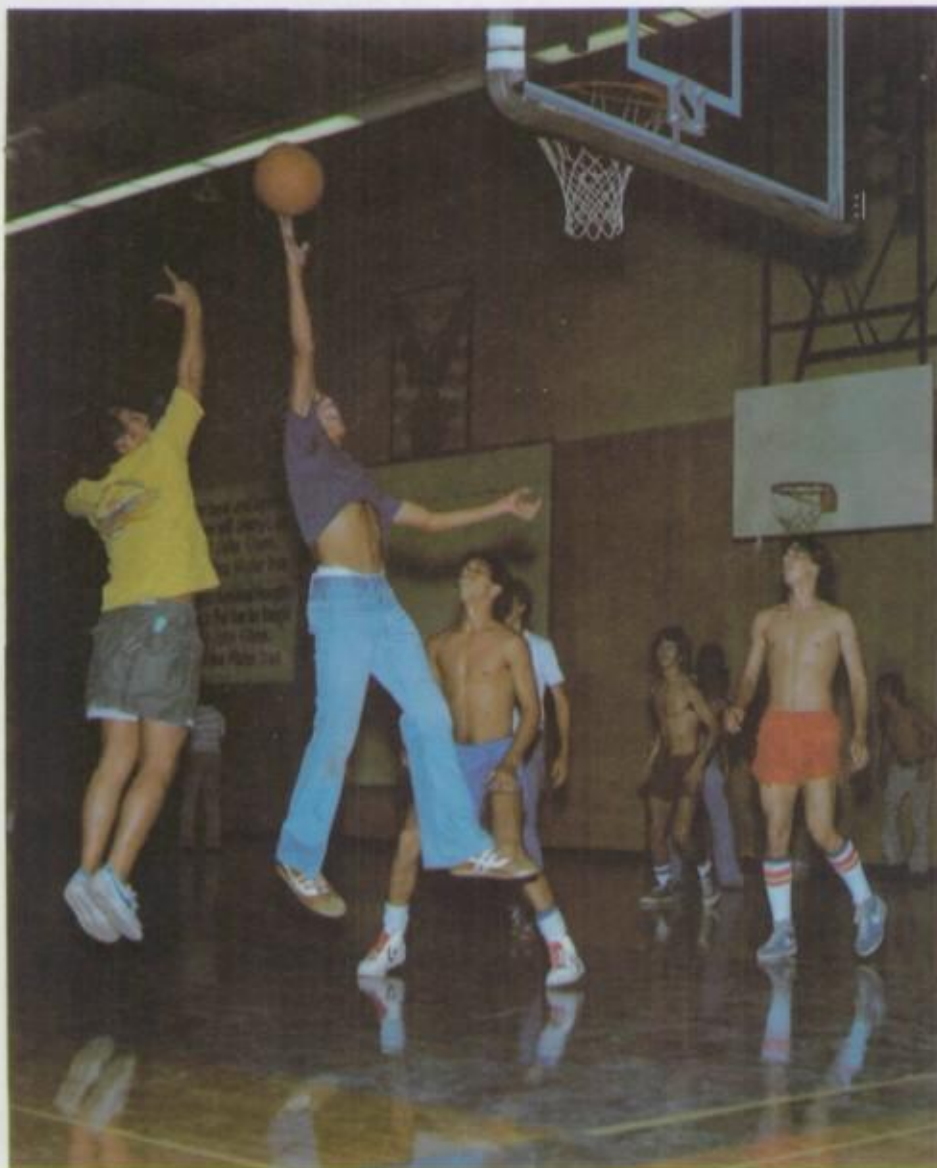

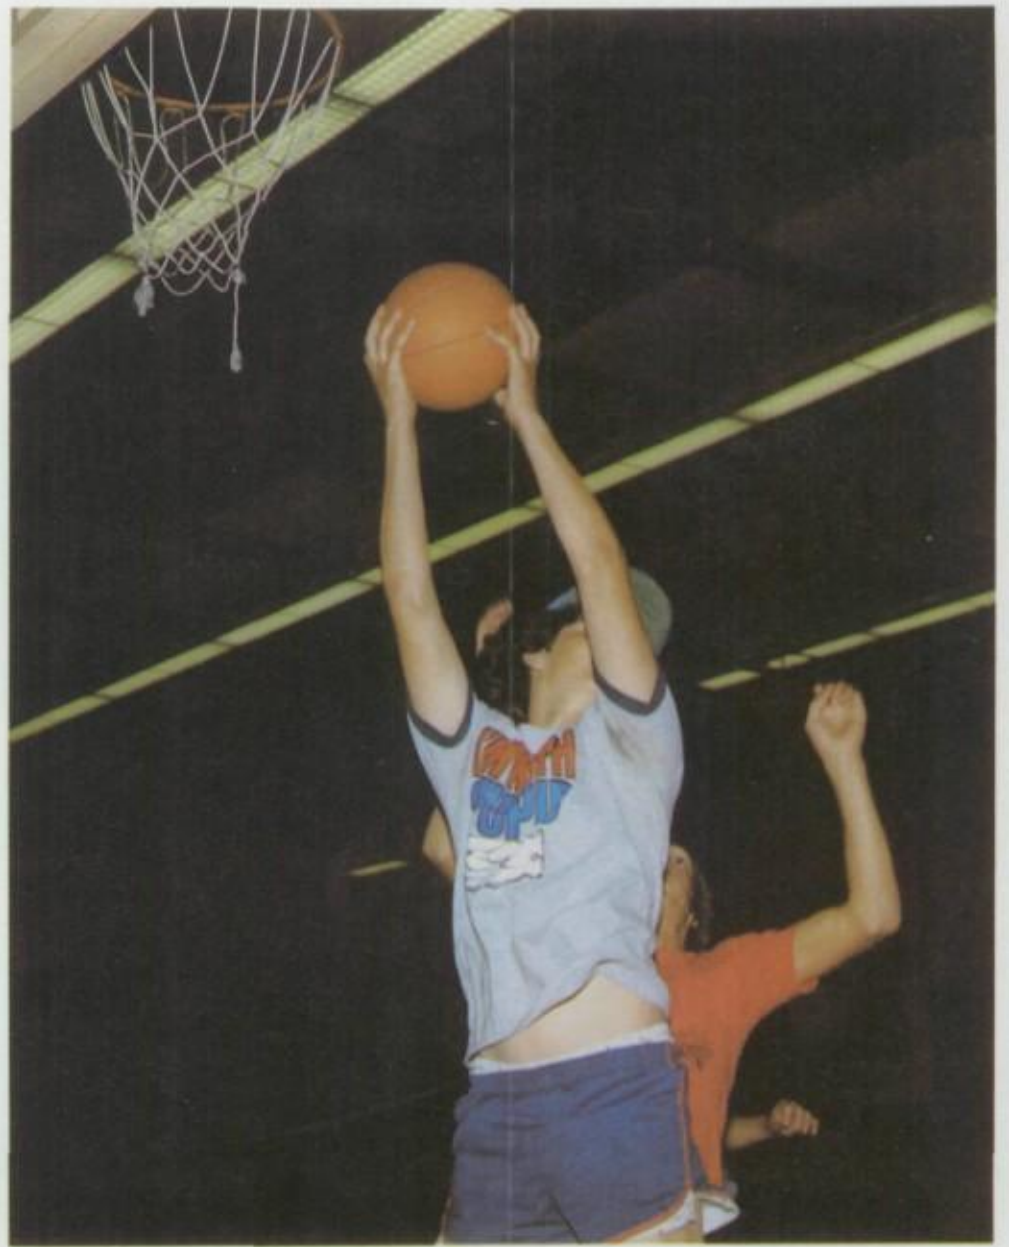

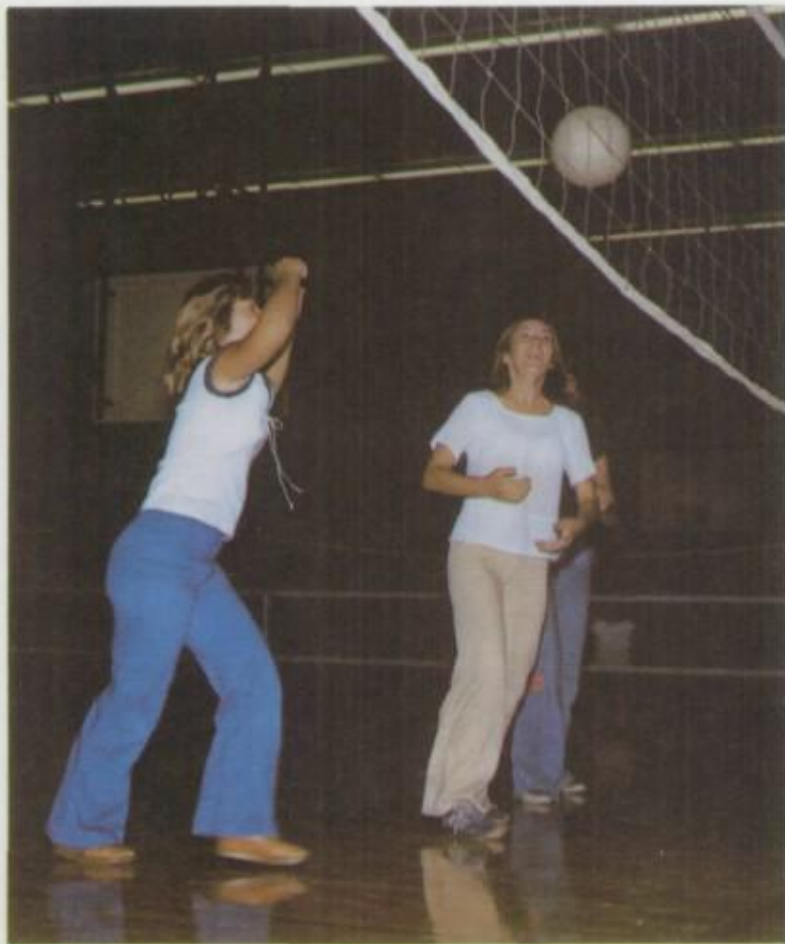

The week of Registration was a week to behold! Chalk up a point for the students who arrived early, and found others were struck by the same idea. They ended up waiting for over an hour, that was just for I.D. pictures. Another 15 minutes for A.S.B. cards, 15 minutes to buy yearbooks, and anywhere from 1½ to 2 hours for counseling. A fast and efficient total of 3½ hours. Let's hope they are not as fast and efficient next year!

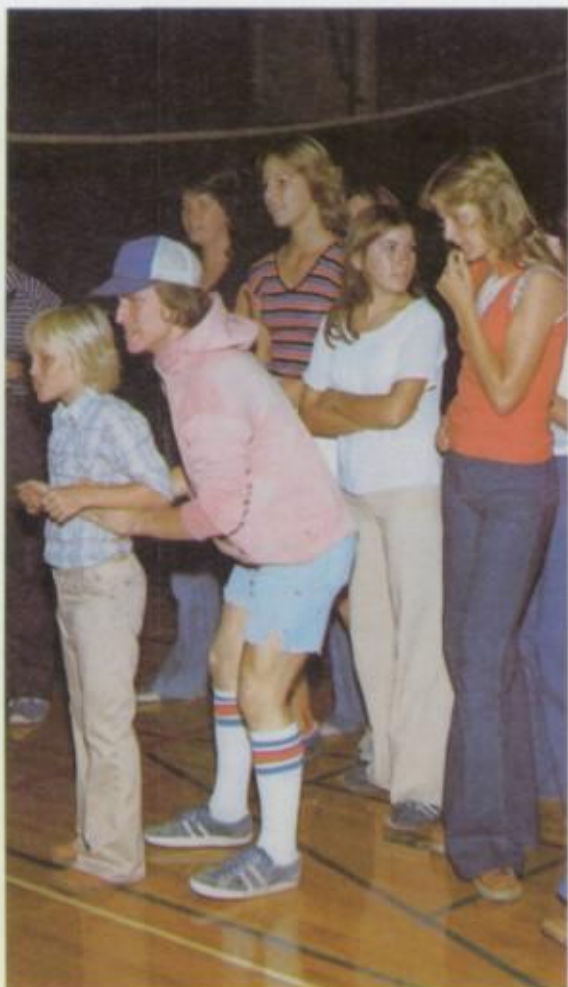

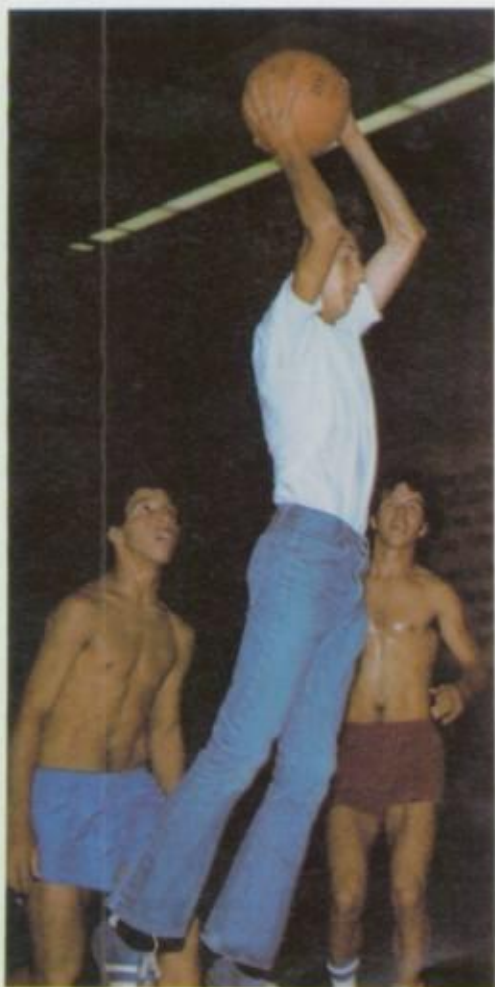

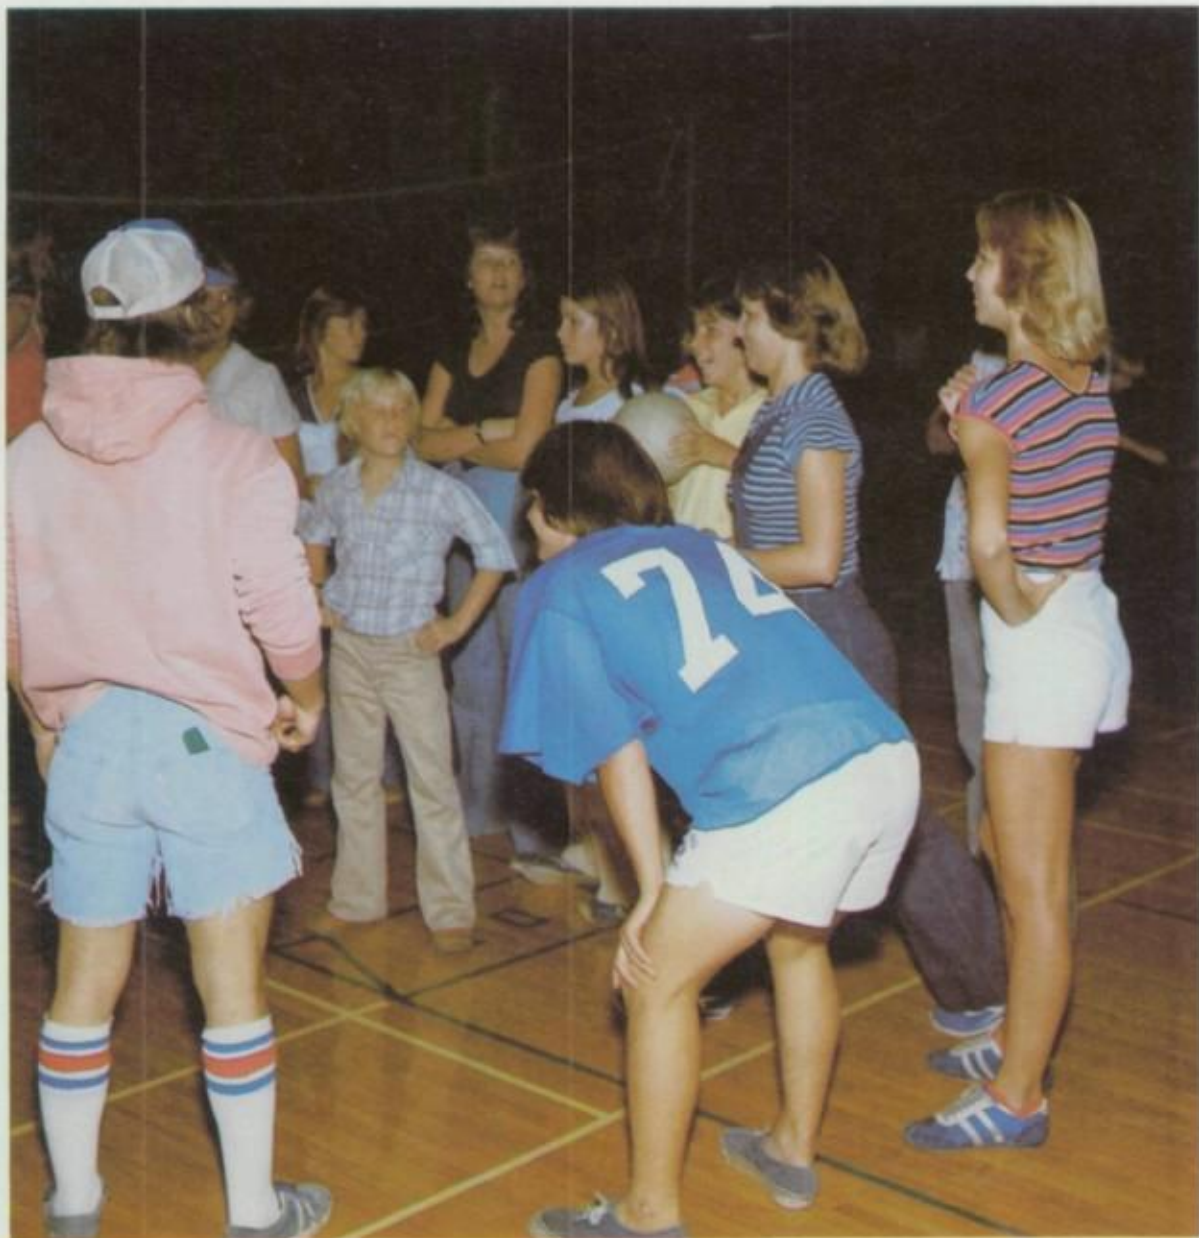

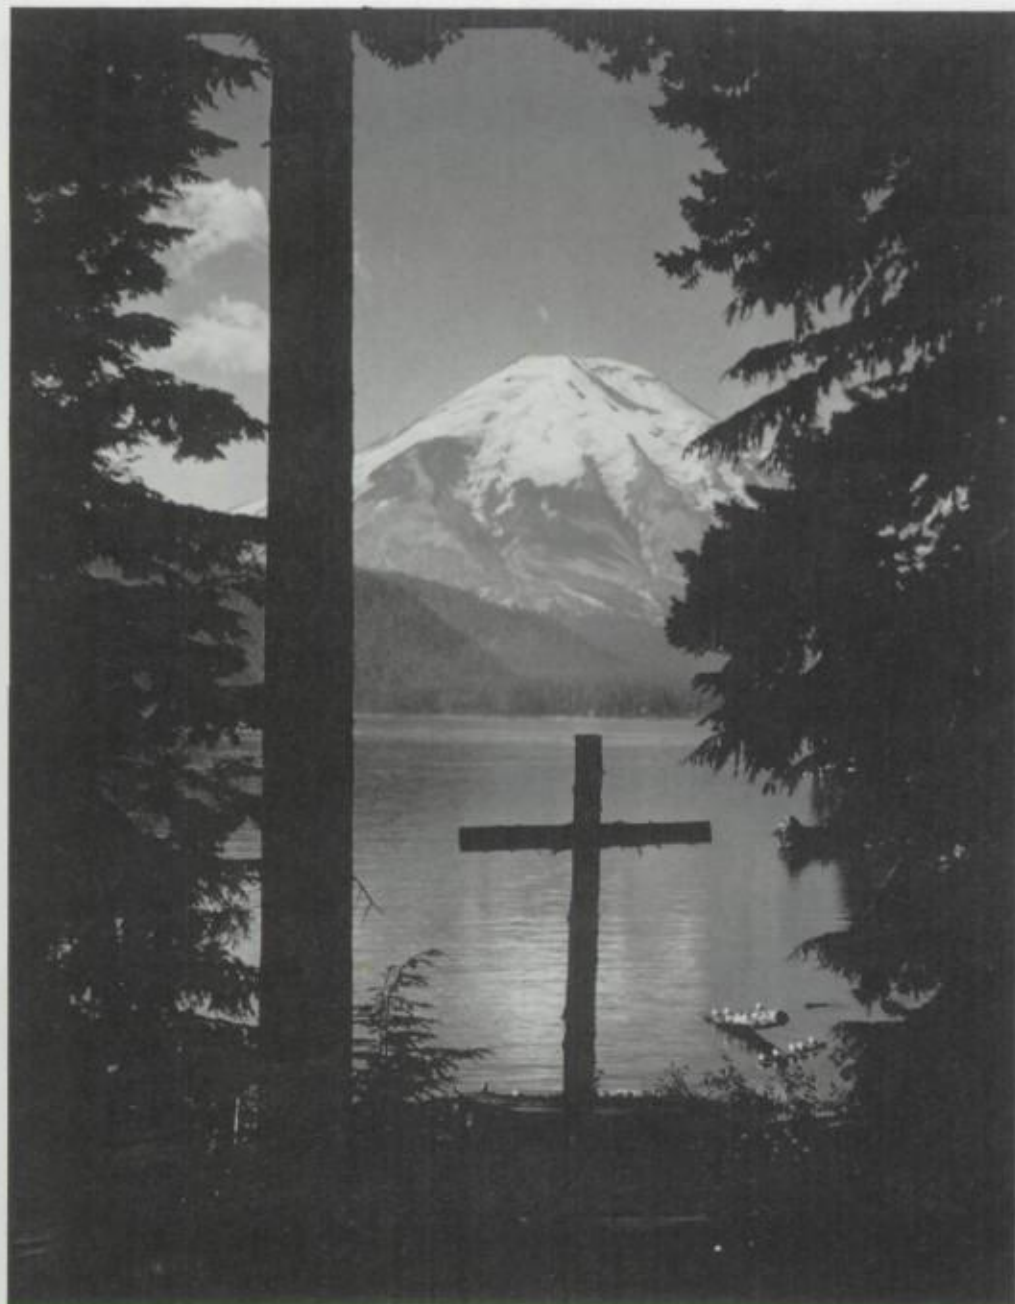

SPORTS NIGHT

Here you see the true athletes of John Glenn. Sports Nights are always happy and successful. Everyone comes and acts crazy (no matter who is watching them.)

Mr. Art Jessup/photograph

A Time of Coming

The mountains, big and bold,
Scarred by touch of man
both young and old.

They stand there now as
they stood before.
They will stand there until
man is no more.

The trees, the grass, the
water . . .
Streams, stand still waiting
their final rocking.

Russian men, Americans, too
all cluttered the mountain plains;
A machine gun, a grenade,
an atom bomb! A superfluous
act! Now all is gone, except
the mountains which stand erect.

Chance

I grabbed for a dream
and I missed.
I had my chance.

Now it's time we leave
Our childhood behind
And take a big step forward
To live within our time.
We are the next generation.
The changes we will make
Will teach the lifetime
After us to learn by our mistakes.
We are getting older.

Our youth becomes but dreams.
Our journey of life takes us
Miles away.
No matter how close it seems
We will soon have our families.
We will live within our square.
Dear God, don't let them take
Our dreams.
Dear God, don't let them dare.

FRESHMEN SPOTLIGHT

Some Upper Classmen would bully you around... You didn't know where you were on this huge campus. You couldn't drive so you had to ride the bus. (No one ever knew the bus schedules!) You felt out of place because Upper Classmen always treated you as babies. Freshmen always got the top lockers so they were always late to class. They thought you were a piece of trash, so you got dunked. You would say, "I really did a lot of crazy things, I would..."

HALLOWEEN

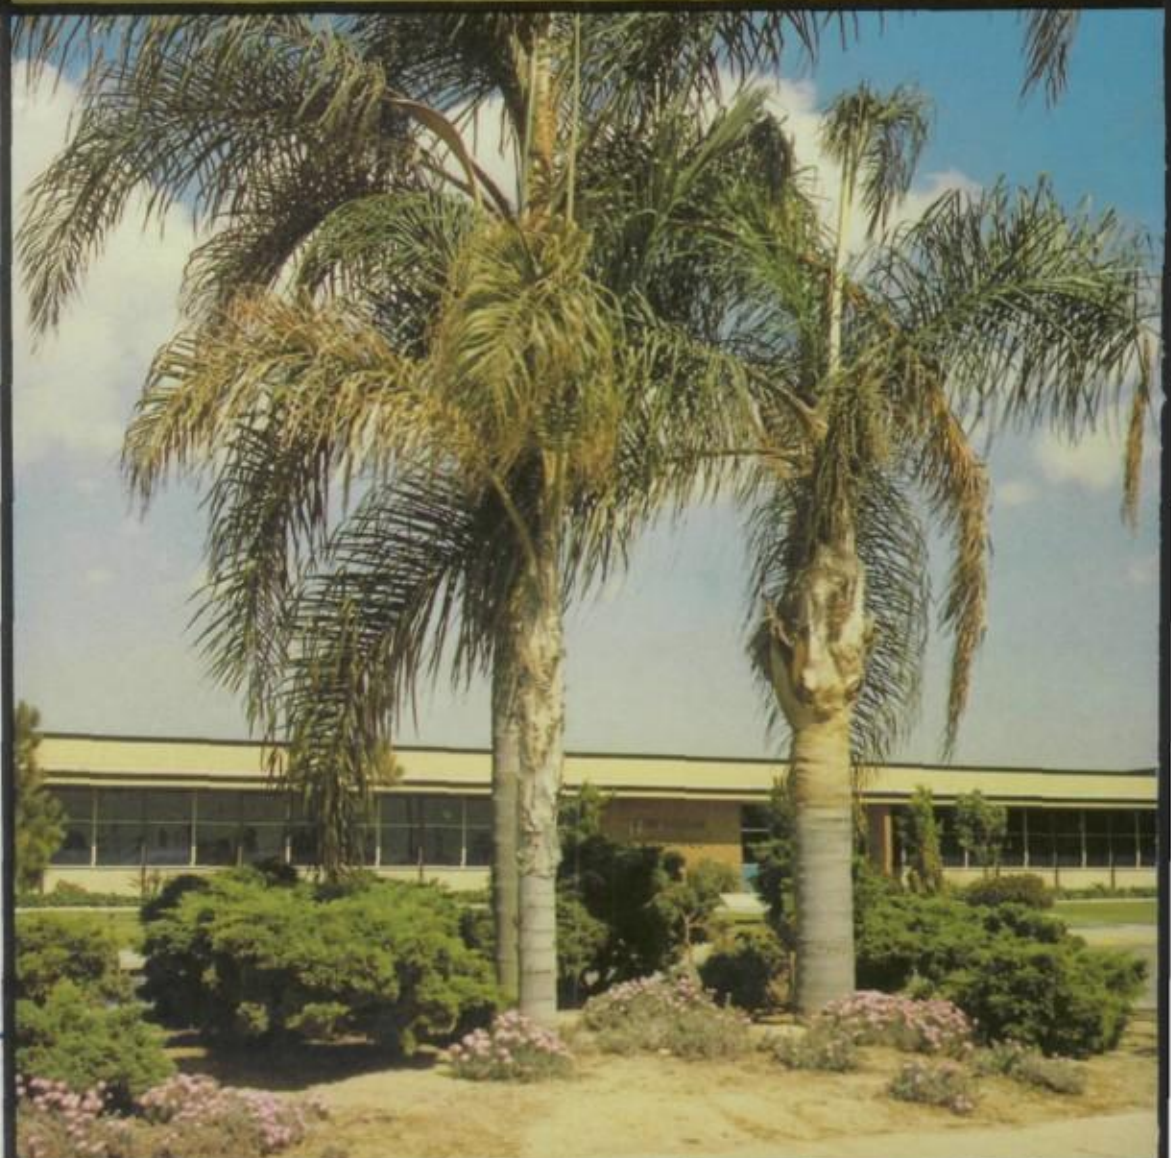

On Oct. 31 the John Glenn campus transformed into a meeting place for ghosts, monsters and weird looking people. This day marked the beginning of our 1977 Homecoming spirit week. Lots of students showed their spirit by wearing these unusual costumes, which included everything from Frankenstein to six of Snow White's dwarfs. (Sleepy was home sleeping.)

SCHOOL DAYS

School days, School Days, Good Old Golden Rule Days... Boy, have times changed. Are these average Glenn students on a normal day?? Have you noticed that when the snack and lunch bell rings, everyone scatters to their little groups (even teachers!!!)

Mr. Greg Gogart/photograph

If

If you could see yourself
and all that you are worth,
you would be the proudest
of all upon the earth.

If the world was mine,
I would empty it away
of every living person
and every ending day.

If I could live inside the void
of all that I could be,
I would love all things I do
and everything I see.

If I could think and thoughts come true,
I wouldn't be as you
and I wouldn't be so lonely,
If... If only...

A Friend

I've been a lot of places
And I've seen a lot of faces
And I know not
Which one to trust.
I have friends.
I watch, I listen, I talk,
But to what?
I have friends
But still don't know
Who to trust, and who to know.
They all seem to be the same,
To be my friend.
But as I watch and as I listen
I will see they aren't really my friends.
They just seem to be.
But there are those
Who really are.
I can trust them and ever love them.
And still, when I need someone
To lift me up they are there
To help.
Because I trust and care and love
Because I am their friend.

Erin Angel

CREATIVE CORNER

I was once a baby,
 Frail and very small.
 I didn't know a single thing,
 Not a thing at all.
 But as I grew bigger,
 I became more eager
 To know new things and to learn new ways
 With the passing days.
 And to this very day I stand
 Proud with my cap and gown,
 More than ready to face the world.
 I'm not a baby anymore.

California Magic

As we sail by the shore
 above the ocean floor,
 The sea's charm and its beauty
 is its one major duty.
 It brings love and laughter
 for now and ever after.
 No matter how close or far we see,
 California Magic will always be.
 Getting lost inside the fair,
 having so much fun you just don't care.
 Arguments you have to mend
 with the one who'll always be your friend.
 Growing older, falling in love,
 pure and sweet as a snow white dove.
 Getting married having children to mend,
 California Magic starts over again.
 Your children get older and move away,
 you're left with nothing to do but sleep all day.
 Discussing the memories brings tears to your eyes
 of the magical moments of days gone by.
 No matter how close or far we see,
 California Magic will always be.

"YOU LIGHT UP MY LIFE"

CHRISTMAS DANCE

The Christmas Dance of 77-78 was one that will not soon be forgotten. It was held in the beautiful CRYSTAL BALLROOM at the Grand Hotel. The ballroom atmosphere gave that certain touch of elegance to the formally dressed couples. The SHAKEY GROUND BAND really earned their name when they shook the place with their renditions of popular songs including the theme song "YOU LIGHT UP MY LIFE". The night was topped off when Princess Sharon Pierce was crowned Christmas Queen at the dance. Queen Sharon and her court danced to the theme song after the crowning as their special dance of the evening.

Like to see something old done in a new way? Children's Theatre is again trying something new—a production of The WIZARD of OZ with a Jazz/Rock Ensemble. Have you ever seen a yellow brick road or a tornado dance? How about a seductive poppy that puts the cowardly lion in a trance, or a klutzie wicked witch who always puts the wrong spell on everyone? There's even a hip tinman, a camp scarecrow and a wiseacre witch's assistant in the curious form of a tie dye cat. Jazz band members found themselves involved in a show for the 1st time. They're still wondering how they were volunteered. Mr. Pino taught our actors how to express themselves vocally — for lack of a better description of their vocal attempts. Adding musicians to our show created new and unnerving problems to overcome . . . like when Danny Ballard gets carried away on his drums and solos in the middle of a song or Parvis improvises on the piano and loses the dancers but not the beat. The best one yet is when the band's swinging, the singers singing yet all you hear is amplified music and actors on stage going thru weird contortions and then a band member saying, "It's really hard to follow the singers when we can't hear them!" Give me patience! It seems that each year there are expletives that tend to come forth of their own volition as rehearsals progress, frustrations mount and the 1st show draws near. Everyone has heard these at least a couple of dozen times; Jeff, sit DOWN! OK, one more time. If I've told you once I've told you a thousand times . . . Meist Alcrighly, can't you guys talk about anything else? Oh, well, if for no other reason than sheer stubbornness and craziness this show will go on the road for our 7th season. D.J.

CHILDREN'S THEATRE

IMPROMPTU AND ADAPTION

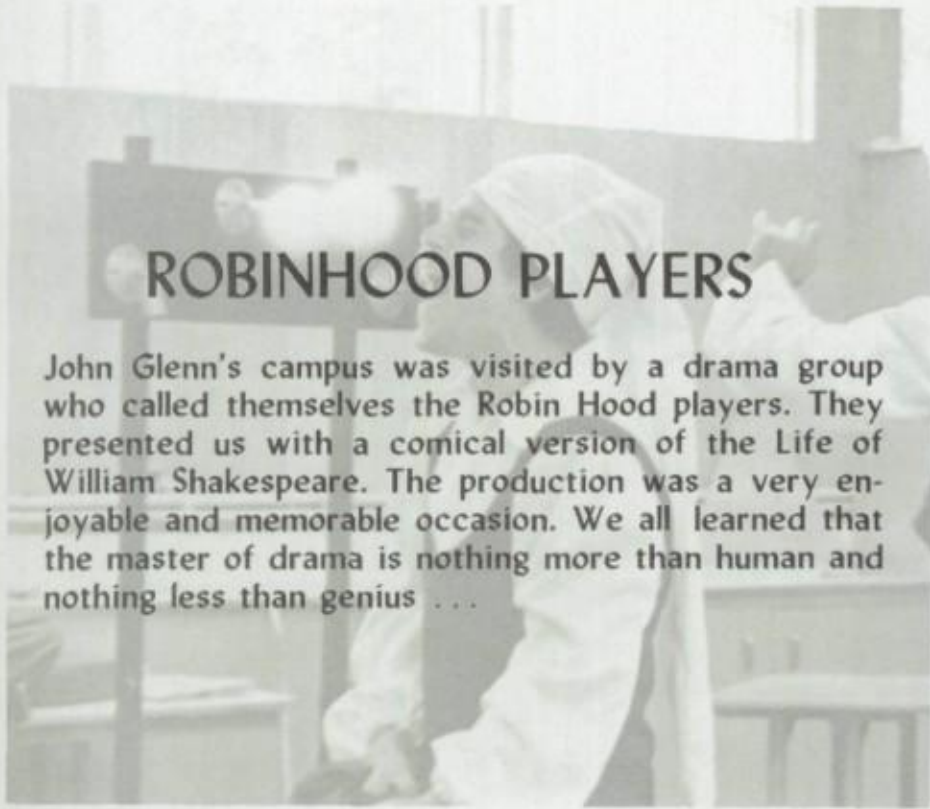

This year's John Glenn Thespian's performed Impromptu, a one act-play which brings a fresh approach to a timeless theme-what should be the proper ratio of truth vs illusion in the balanced life. On the same bill they performed Adaption, a comedy which examines the shortcomings of modern society with rare wit and inventiveness.

ROBINHOOD PLAYERS

John Glenn's campus was visited by a drama group who called themselves the Robin Hood players. They presented us with a comical version of the Life of William Shakespeare. The production was a very enjoyable and memorable occasion. We all learned that the master of drama is nothing more than human and nothing less than genius . . .

APHASIA PROGRAM

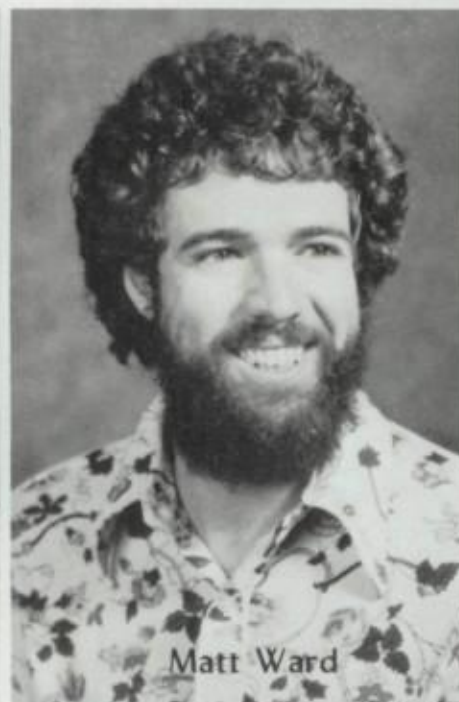

Severe Language Disorder- Aphasia, is a class in special education and is primarily career or vocation orientated. Students are integrated into regular programs. They work off campus; some jobs are money-making and they have a contract with Alin Paper Company to make stationary items. They go to a mountain camp two times a year. These students come from all over the county. We at John Glenn, welcome you, to our campus.

HOME COMING

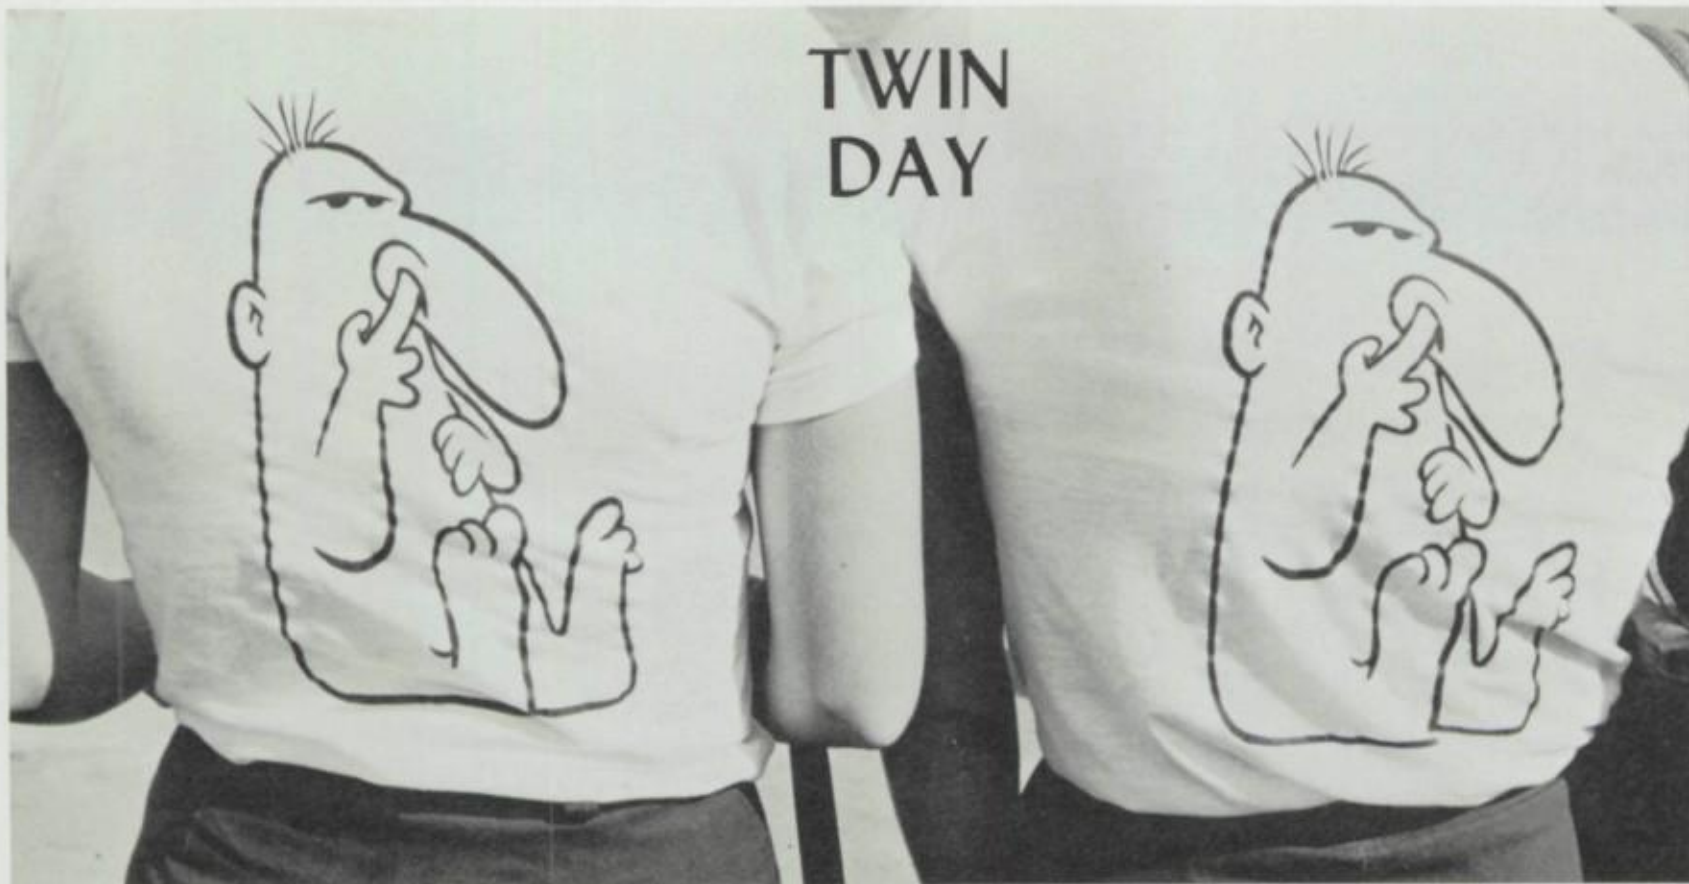

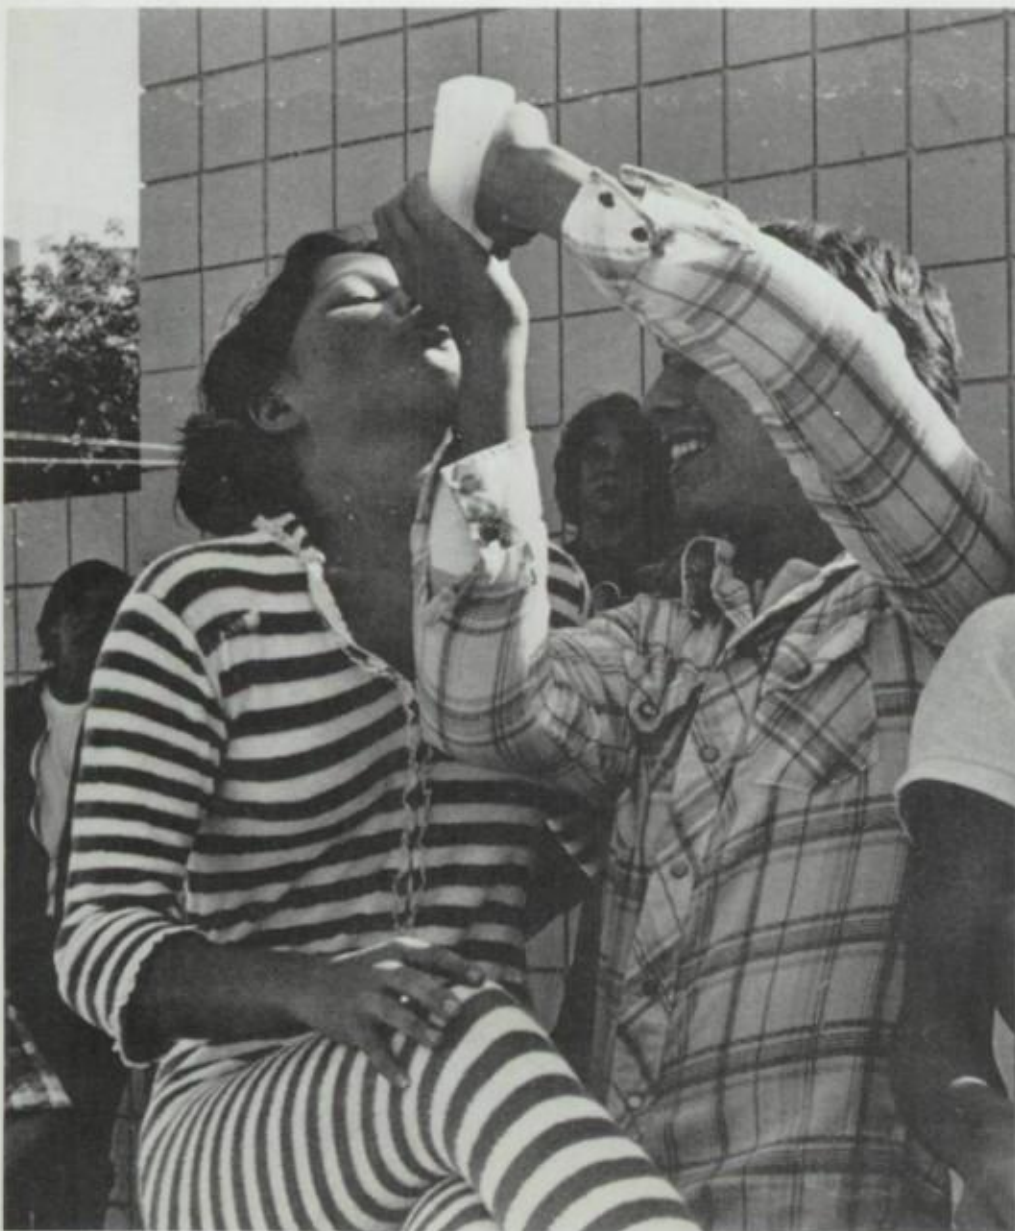

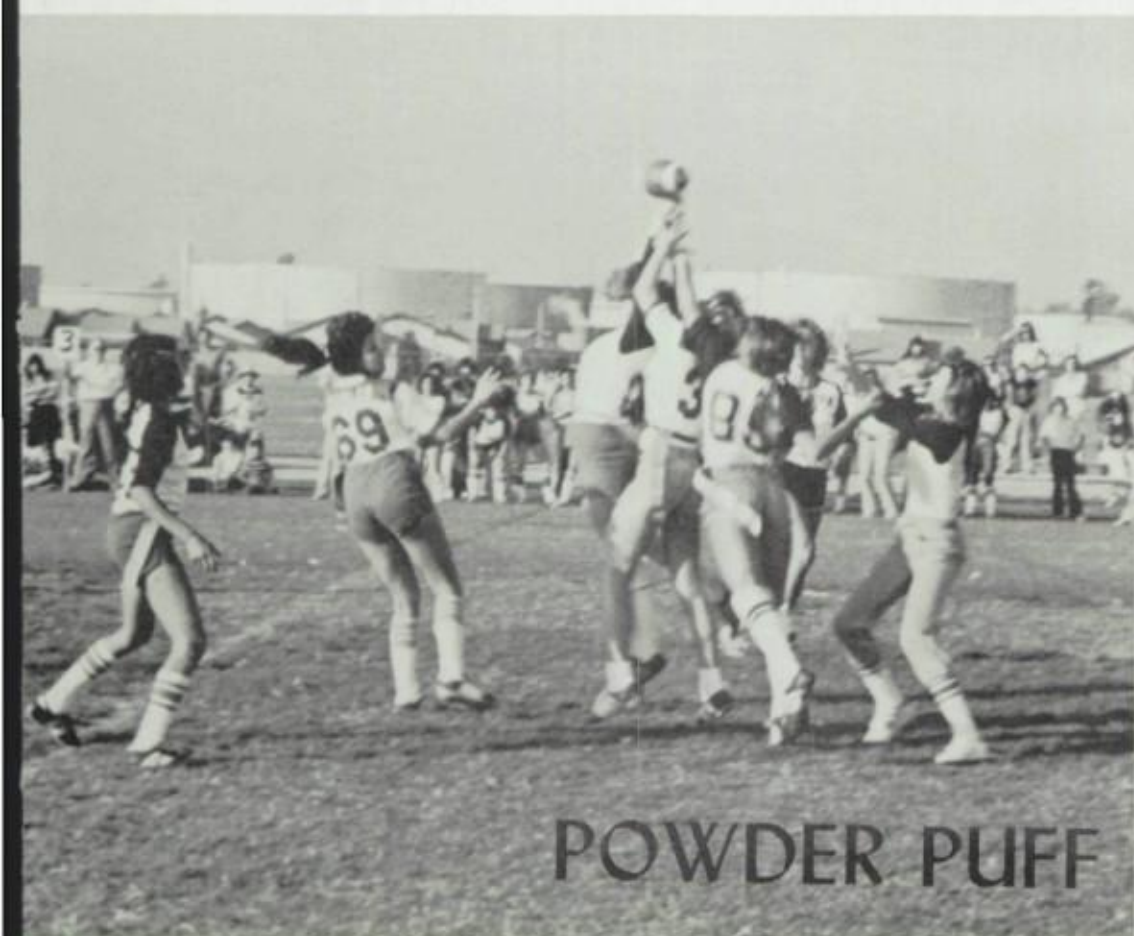

One week of the year students of John Glenn have a wonderful time celebrating Homecoming by dressing as children on Baby Day. This is when students check and see if they can still fit into their birthday suits. We also had Twin Day. Everywhere you looked you would see double. Look up in the sky! It's a bird, it's a plane, it's Super Hero Day. Students dressed as their favorite heroes. Red, white and blue day was a patriotic occasion. Everyone who participated had a heck of a time trying to get themselves down from the flag pole.

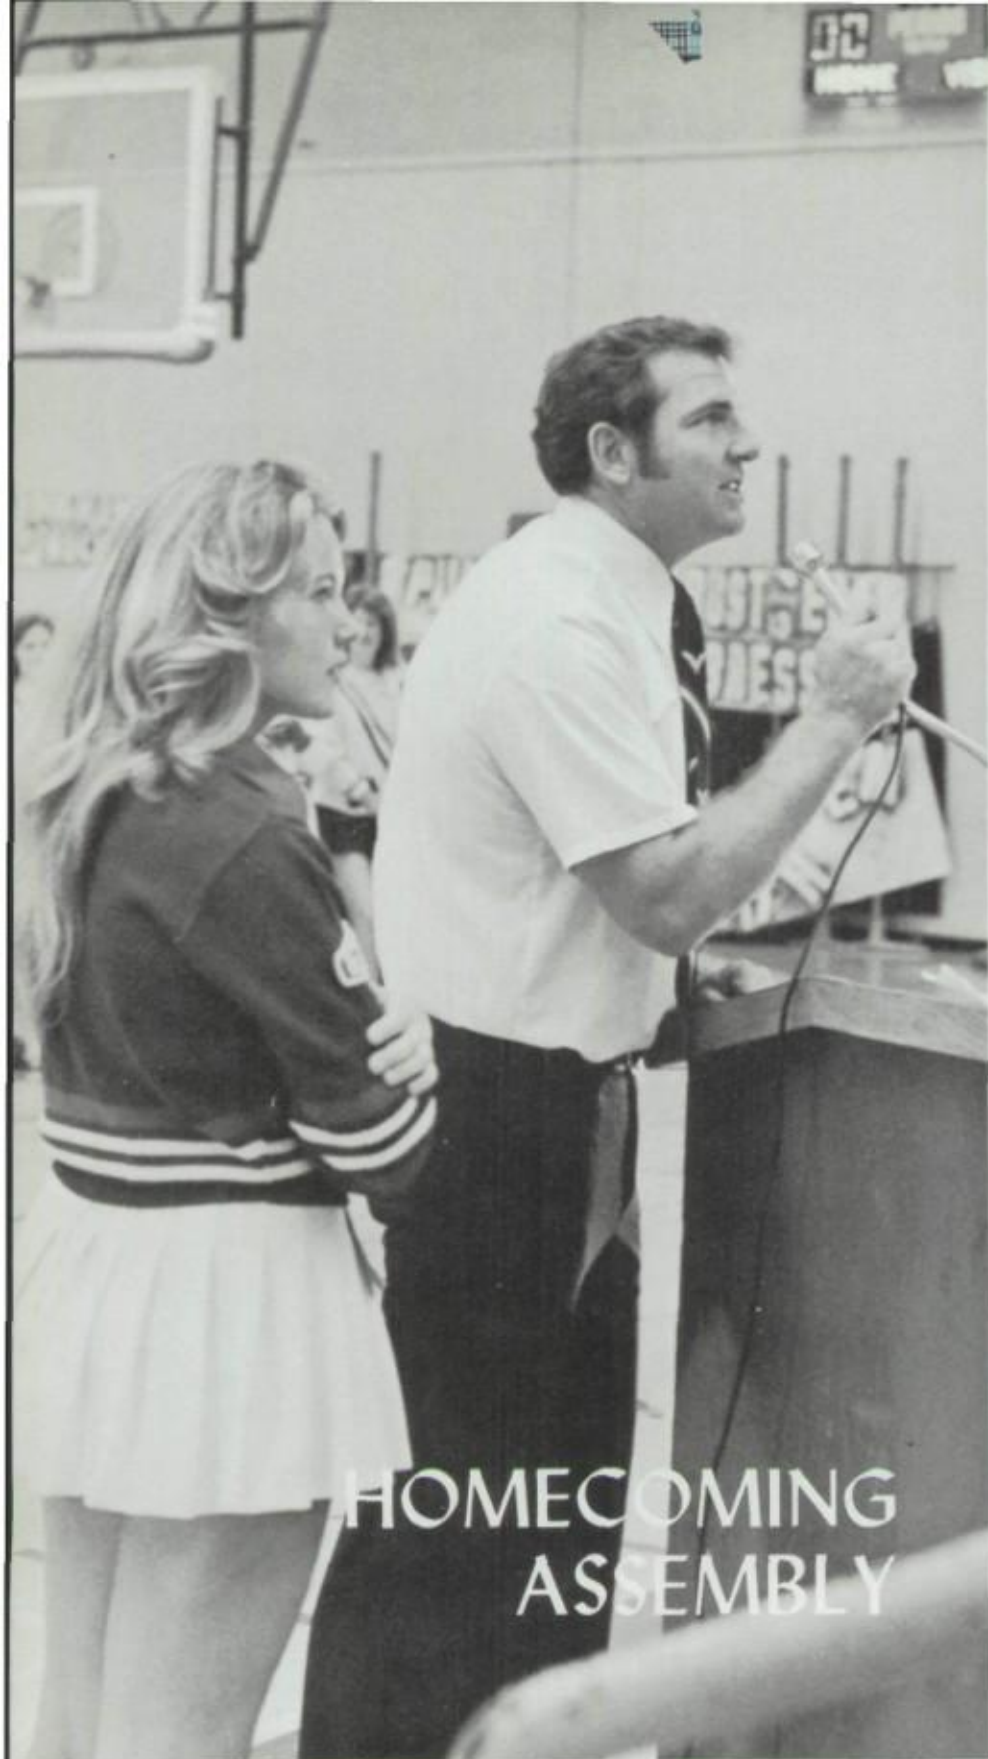

TWIN DAY

HOMECOMING ASSEMBLY

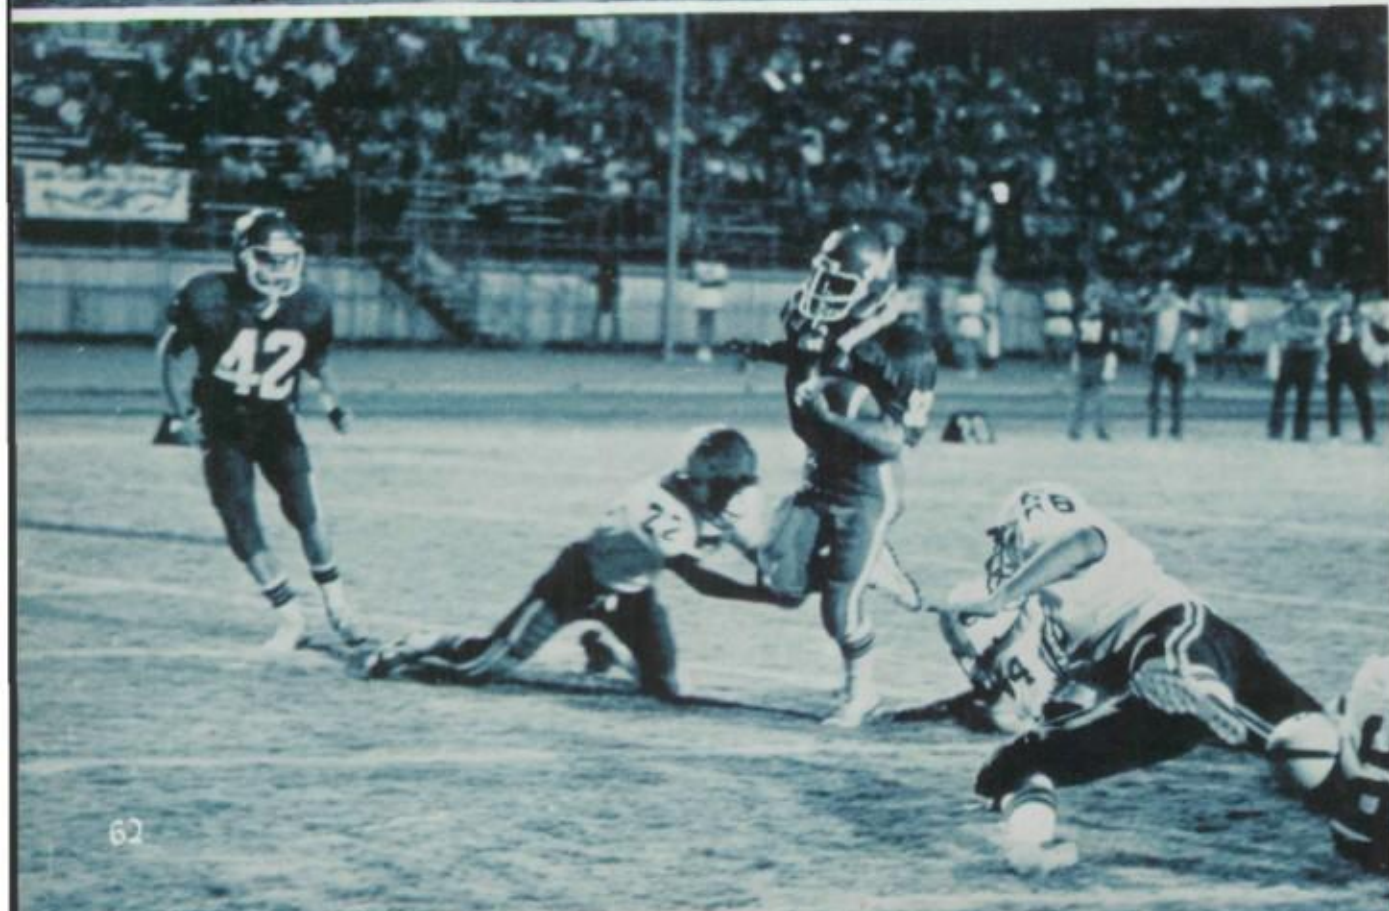

HOMECOMING CROWNING

As the girls stood waiting for the magic moment to arrive, you could feel the excitement in the air. Finally Andrea Aguilar was named this year's Queen. Queen Andrea stood unbelieving as last year's Queen Alicia Salazar placed the crown on her head. Queen Andrea's court consists of Kathy Carter, Sandy Enriquez, Liz Hernandez, and Lynee Sadler.

WHO'S WHO — PEOPLE WITH OPINIONS

What do you think of John Glenn?

To answer this question, I would like to respond to it by giving an overview of what my years at John Glenn High School has done for me. To begin with my first year at J.G.H.S. afforded me the opportunity to teach in the classroom as well as out on the field (or at the Country Club as some of my co-horts might refer to the physical education facilities). I enjoyed the experience of being in the classroom enough to teach inside for some years during the summer.

My years as a coach have included coaching Tennis, Basketball, Volleyball, Flag Football, and Softball. Some years were successful, as in 1975, when we went to the CIF playoffs in Volleyball and others not quite as memorable in team standings. Through the years, I have been given the opportunity to grow further in areas of leadership by being elected as Treasurer, then Vice-President, of the Faculty Club, to serve as a member of the controversial Curriculum Council and Building Liaison Committee and finally to being trusted with the Department Chair position for Physical Education and Assistant Athletic Director.

So what do I think of J.G.H.S., well I think it is a strong school with a concerned faculty, supportive administration, and of course, a great student body, for without these the foregoing would not have been possible.

What do you think of violence on T.V.?

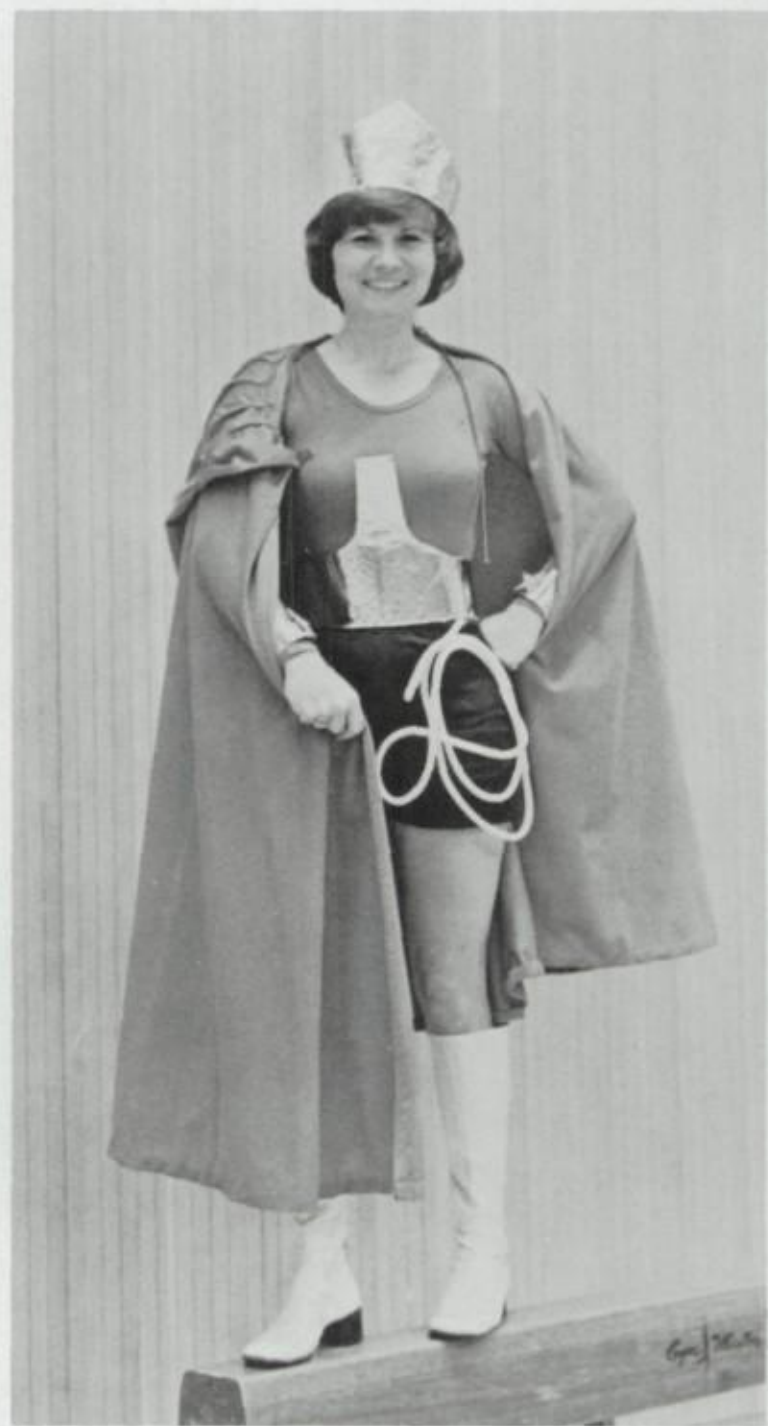

I'm not a T.V. Person. When I do watch T.V., it is generally, the news of special programs made for T.V., and they have not included violence, so I refrain from giving my opinion.

If you were able to change one thing at school, what one thing would you change?

This is simple. I would put a canopy over the snack area and surrounding areas to protect all persons from Kamakazi Sea Gulls.

What do you think of girls participating in *boys' sports*?

Well, now this truly opens up a can of worms because, if you don't know, I am a strong supporter of the Womens' Movement (N.O.W.) and an enthusiastic complier with the Title IX faction. To avoid a lengthy dissertation I don't believe there are any "boys sports". This terminology

Linda Barrett as WONDER WOMAN!!!

has only been applied due to many years of past experiences with the number of participants from a particular gender in limited sporting events. With Title IX and support from the courts, the need to refer to activities as being either male or female dominant may soon pass through the hour glass like the sands of time.

LINDA BARRETT

Linda Barrett (continued)

What interests do you have outside of school to keep you motivated?

I might first ask — motivated to do what? So I'll stick to things I do to occupy my time, the obvious since I'm single and I believe what my rear license plate holder decries. I play all court sports, both water and snow ski, exercise, read, and love to dance. I involve myself intellectually with organizations in Long Beach and Los Angeles dedicated to the support for equal rights for women. It would probably be easier for me to list those things I don't enjoy doing — 1. Listening to Western music, 2. Eating liver (Yech!!!)

GABE FERNETY

What do you think of John Glenn?

I think that the standards at Glenn are above average.

If you were able to change one thing at school, what would you change?

I would like to see a reduced class size to have a more personal contact between student and teacher.

What do you think of girls participating in *boys' sports*?

I believe that most of human behavior is the result of tradition and authority. I think that girls should be given equal opportunity with men in all endeavors in sports.

What interests do you have outside of school to keep you motivated?

I enjoy outdoor sports, reading, Theatre, and Music.

PART I

DR. JAMES FLEMING

What do you think of John Glenn?

John Glenn is the best.

What do you think of violence on Television?

Violence on Television does put some ideas into your head.

If you could change one thing at school what would you change?

I would try to eliminate student conflict and fighting.

What do you think of girls participating in *boys' sports*?

I think that we should provide the girls with equal opportunity with the boys.

What interests do you have outside of school to keep you motivated?

I enjoy working with young people, and the challenges of high school.

WHO'S WHO — PEOPLE WITH OPINIONS

What do you think of John Glenn?

I think that it is a school with a lot of potential, uh, a lot of creativity in many of our student body. I've had the pleasure of working with activities for many years and I am still surprised at the talent that comes my way. We've been lucky in our administration in the past few years and they work well with young people and they are always willing to listen.

What do you think of violence on Television?

The influence of violence on television is no greater than the influence in movies or newspaper or hear about on radio. Violence is a part of life moreso than it was 10 years ago and turning off the television isn't going to stop the influence. Influence comes from the home first, not television.

If you were able to change 1 thing at school, what would you change?

I strongly fell that in any modern civilization, cultural influences are most important. If I had my way, Fine Arts would be up there with Reading, Writing, and 'Rithmetic. Every student should have to take 1 area each year in Fine Arts. Without culture, what do we have?

What do you think of girls participating in boys sports?

I think it's great. If they have the muscle and the will-power, then there is absolutely no reason why they shouldn't participate. Equal opportunity is very important. We should all have the chance to try anything we wish in competition.

What interests do you have outside of school to keep you motivated?

My life seems to be surrounded by fine arts. There's such a wide variety of things that interest me. I love to travel. I love the theatre and I like to draw. Right now, the only thing that I am doing to keep me occupied is trying to keep up my scratchboard etchings to fill the demand at the gallery that I display at in Laguna, finish the yearbook, get 2 shows on the road, get a summer theatre going, get my act together to get to save enough money to go to Europe next summer, try my hand at enameling (again), and see enough theatre to satisfy myself. Other than that, I have all kinds of time to see friends and family.

The following comments are from the Editor to the Advisor:

PART 2 BOB EWING

What do you think of John Glenn?

I've been here for 13 years. I had my chance to leave last year, so I must obviously like Glenn.

What do you think of violence on television?

I think that it is alright after, say 9:00 p.m.

If you were able to change 1 thing at school, what would you change?

I wish that the counselors did not handle the discipline.

What do you think of girls participating on boys sports?

If they can, then go ahead. But if boys tried out for the girls teams, then there would be no girls. If there are girls on boys teams, and they make the team, it's ok.

What interests do you have outside of school to keep you motivated?

I'm a founder of the Vintage Auto Racing Association. It's four years old. I also edit the club news magazine.

DIANE DE JULIO

What do you think of John Glenn?

It's wonderful. I'm thoroughly happy with the school. The kids are friendly and fun to work with. I feel right at home.

What do you think of violence on television?

There's enough of it in everyday life without having to spend time listening to dramatizations.

If you could change one thing at school, what would you change?

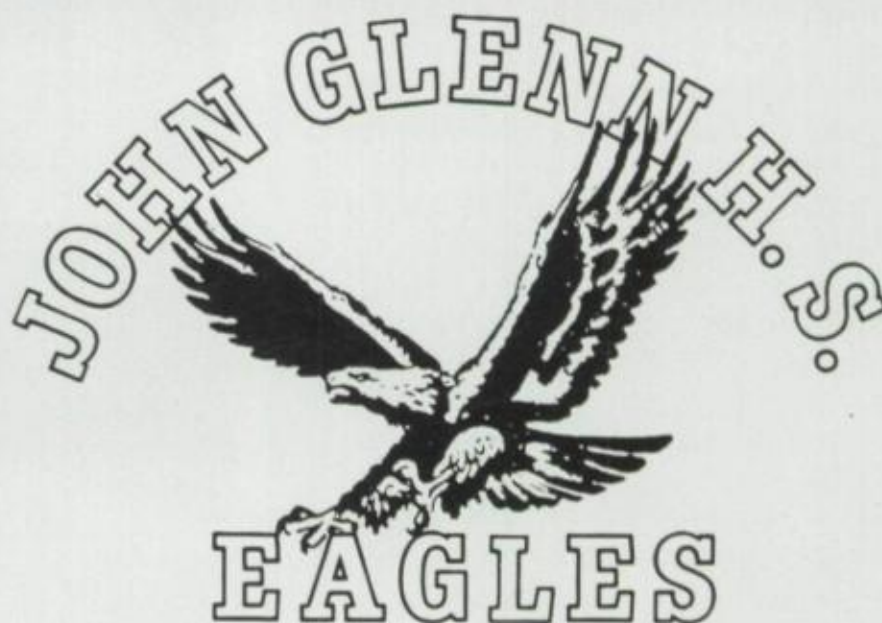

I would put a roof over the quad area so we can eat lunch in peace.

What do you think of girls participating in boys sports?

I don't think that there is anything wrong with it. It depends on how valuable the person is to the team. It would be tough for a girl to go out for football.

What interests do you have to keep you motivated?

All kinds of things. I enjoy golf, tennis, like to travel, visit historical places, collect and study art, and lastly, I'm a history buff. That's just a few of the things that I like.

THELMA ROLPH

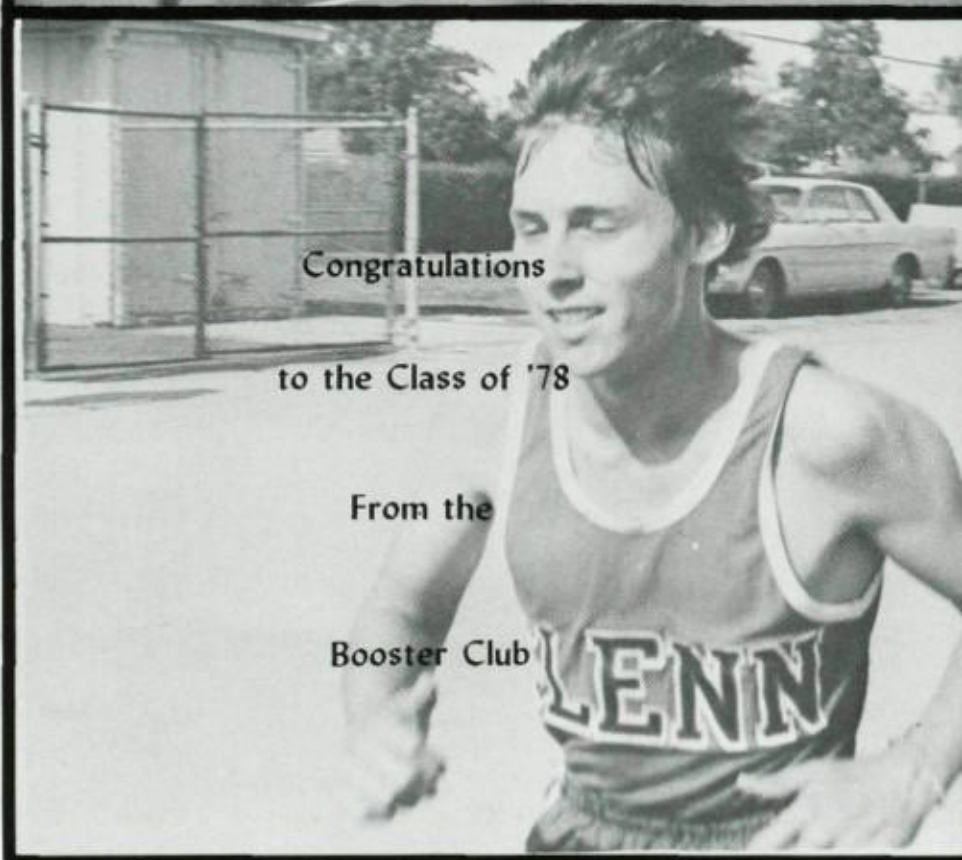

One of our favorite staff members is the one and only Shirlee Roundtree. Yes, every day you can expect a big smile from her. If you were to ask Mrs. Roundtree anything, you would probably hear something like this: "Why are you bothering me now? I'm busy." Or, "Ok, what can I do for you babe?" This is due to the six years of experience at John Glenn sharpening her remarks on students. We at John Glenn hope its twice as many years. After all, what would we do without that fancy Mercedes flashing up and down Shoemaker Ave. Mrs. Roundtree was born in the great corn husker state of Omaha, Nebraska, where at the tender age of five she and her family pulled up roots and moved to sunny California. She not only became a resident of the city of Angels, Los Angeles, but graduated from Belmont High School and jumped into marriage to Tom Roundtree. She has been in this state of mind for 23 years. She has owned 1 boy named Rick for 24 years, and 1 girl named Rhonda for 21 years.

Mrs. Roundtree, may your telephone never stop ringing, and these !*#''! attendance cards forever be in order.

C.M.H., I hope our friendship will always be.
P.T., I know you'll never forget me but I'll never
forget you even after what you did. R.R.

Q-When are we going to get together? Love
Tip Jo and Nette, You actually mean I get a
room where I can be away from you? AL

My four years at Glenn have been special to
me having learned and experienced some of
the ups and down of life ... Monica Sanchez

To Mahler, I wish you'd keep that ugly thing in
your mouth. Varsity Yell, Someday we'll all go
on DIETS! Denise

Melinda Brown: All I have to say is, it's been an
experience (What kind I won't say)! I'm
surprised we all survived. Long live the class of
78!

A'Nette, you did a terrific job on the yearbook.
Alan, A'Nette and you make a perfect Q-tip,
when your feet are together ... Jo

Tip, How about NEVER! Love Q- Allan, You're
going to be the death of me yet! Jo-Jo, We
finally made it. A'Nette

We've gone through a lot (Boy have we gone
through a lot)! But at the end it all comes out
right. Debbie Brown

Mo, Bugs Bunny is fine but Woodstock is mine.
Have fun in the years to come. Yolie

I have never worked so hard for something
that wasn't mine. R.O. - I'll never forget you!
Just wait till next year. I won't forget you
again. PT

We've had hardships, we've had fun in joy and
endurance. We survived together we made it
great for the class of "78". Ruby Navarro

Howdy to Dowdy, Hi Chim Chim, from
Bubbleyum. Hi to Gigglebox, Barbie and Shy
Pam ... T.G.M.

Chris G., Let's take another walk on a rainy
nite, Birthday Girl. KL, and CP: thanks for our
friendship, Debbie B.

As Editor of the 77-78 Patriot I wish to thank the following people who gave their time, support, and effort into making this year's yearbook a big success.

Miss Diane de Julio for letting us change the style of the Patriot from the same old thing, into something completely different, and then having the patience that goes along with it.

Mrs. Roundtree who was forever signing outside passes for second and third period so Jo and I could go to Wally's to pick up prints,

Mr. Jessup and Mr. Ewing for not hasseling me when I would only show up for class three out of five days!!!!

Michael Nichols for being our back-up photographer,

My staff for putting up with me when I wasn't the easiest person to get along with and for doing a great job on the annual,

Jo Ann Savedra my Asst. Editor for being the good friend that she is even when she does complain when the chemicals from printing make her hands smell and take the polish off her nails,

My dear friend Fred Martinez, "Old Man," if it wasn't for you accidently finding that roll of film in Wally's refrigerator, (Sports Night pictures), they would probably still be hiding in there today, which would have meant the loss of our color section,

And last of all, in loving memory to me brother Steven, who gave de Julio and myself the idea, California Charisma, for this year's theme. 'Steve, I only wish you were here to see it, but now you're listening to the wind blow, and watching that ol' moon hiding in the Desert Skies.' I Miss you.

Thank you all, A'Nette Langevin
